

Waterwise Deluxe Purifier with Electronic Monitor

MODEL 8800™

- Produces 6 gallons (22.7 liters) of pure water per day
- Reduces 99% of total dissolved solids & heavy metals
- Eliminates cysts (*Cryptosporidium* & *Giardia*), bacteria & viruses
- Effectively removes lead, arsenic, nitrates, sodium & chlorine
- Attractive 1 gallon (3.8 liter) serving carafe
- Electronic clock/timer/monitor

The WATERWISE MODEL 8800 features steam distillation with carbon filtration for maximum purity...effectively removing up to 99% of impurities. Purified water enhances the natural flavor of foods and allows their true essence to be released without competition from chlorine or other unsavory chemicals. You'll notice the improved taste and appearance of everything you prepare with 100% homemade distilled water.

WISE FEATURES

- Steam Distillation.....
- Contemporary Design.....
- No Assembly or Installation.....
- Auto Shutoff After 1 Gallon Cycle.....
- Up to 6 Gallons Per Day.....
- Stainless Steel, Removable Boiler.....
- Stainless Steel Condenser.....
- Vent System.....
- Carbon Posttreatment.....
- Polycarbonate Carafe.....
- Dripless Stop-and-Serve.....
- Lightweight & Portable.....
- Programmable Operation.....
- Tested & Certified.....

PURE BENEFITS

- Purity Guaranteed** 100% distilled
- Pure Style** complements your decor
- Pure Convenience** no water hookups
- Pure Safety** will not boil dry
- Consistently Fresh** for drinking/cooking
- Convenient** 7" opening—easy filling/cleaning
- Pure Peace of Mind** non-leaching
- Precision Engineering** reduces volatile organics
- Maximum Purity** organic carbon
- Pure Quality** collector/dispenser
- Purified Water** dispensed anytime
- Pure Simplicity** for travel & storage
- Pure Performance** ease & efficiency
- Pure Integrity** quality ensured

MODEL 8800 SPECIFICATIONS

- Distillate Capacity..... 1 Gallon (3.8 Liters) in 4 Hours
6 Gallons (22.7 Liters) in 24 Hours
- Dimensions..... 15" (38.1 cm) Height
10.5" (26.7 cm) Depth
15.4" (39.1 cm) Width
- Net Weight..... 14.3 lbs (6.4 kgs)
- Rating..... 120VAC/60Hz 800W

1 Year Limited Warranty
USA & Foreign Patents Pending
EPA Est. NO. 067629-HK-001
UL Listed—USA and Canada

California Department of Health Services Certification Number: 00-1444-1
Tested and Certified to ANSI/NSF Standard 62 for microbiological and TDS reduction by a qualified, independent third-party, state certified testing laboratory using EPA methods. See Performance Data sheet for details. Operational maintenance and replacement requirements are essential for product to perform as advertised.

The multifunction LCD readout displays the time of day, has a programmable, time delayed start-up

feature, and lets you know when to change the filter.

1 gallon carafe with carbon polishing filter compartment in lid

The seamless, removable boiler has a concealed heating element that cannot become coated with scale and mineral deposits.
